Kyushu Inbound Tour Attracts the World
Kagoshima, Sakurajima, Kirishima, Ibusuki, Yakushima, Amami Oshima,
Miyazaki, Oita, Kumamoto and Fukuoka
4 nights 5 days course, 5 nights 6 days course, inbound model plan

☆☆

■ **Tour Information of Kyushu Tour**

Kyushu has a warm and attractive climate. World Heritage Sites in Kagoshima, Sengan-en, Yakushima, Amami Oshima, Nichinan area in Miyazaki, Aso in Kumamoto, Mt Mountains and Kumamoto Castle in Kumamoto, Jigoku Hot Springs and Yufuin Hot Spring Resort in Oita, and Dazaifu in Fukuoka, Kyushu is a fascinating region with a variety of natural features, including oceans, mountains, islands, volcanoes, shrines, and temples! Enjoy the "treasure house of nature" that has been nurtured since ancient times on a Kyushu inbound tour.

■ **Kagoshima Prefecture Information**

Kagoshima Prefecture is famous for its hidden and famous hot springs, including Kirishima Onsenkyo and Ibusuki Onsenkyo, as well as other isolated islands. From the Shiroyama Observatory, visitors can enjoy a panoramic view of the sea and experience the history of Satsuma, including the World Heritage Sengan-en Garden and Saigo Takamori, who changed the course of history. The world heritage site of Senganen Garden, Saigo Takamori, and the which changed the history of Kagoshima, still remains.

■ **Sakurajima**

Sakurajima is a compound volcano consisting of two main peaks, Kitadake and Minamidake. Altitude 1,117 meters. It was formed about 26,000 years ago and has erupted 17 times. It became part of the Osumi Peninsula due to the lava that flowed out during the 1914 Taisho eruption. Sakurajima has a warm climate. The world's largest Sakurajima radish, The world's smallest Sakurajima mandarin orange has been certified by Guinness World Records. The world's smallest "Sakurajima Mikan" is recognized by Guinness World Records.

■ **Kirishima.**

The Japan's first national park. Kirishima Onsen-kyo, one of Kyushu's most popular tourist destinations, is Japan's first national park. Kirishima Shrine is famous as a power spot, Onami Pond is the best trekking spot with the "legend of the lake where the dragon sleeps," which can be reached in 60 minutes one way

★ **The Senganen was registered as a World Heritage Site in July 2015.**

Shuseikan is Japan's industrial revolution led by Nariakira Shimadzu. We built blast furnaces and reverberatory furnaces for the national industry of steelmaking. For the development of industry, he built a "spinning factory", a "glass factory", and a "steam engine". Shimadzu Nariaki influenced the modernization of Japan.

■ **Shiroyama Observatory**

It commands a panoramic view of Sakurajima, Kinko Bay, and the Kagoshima city center, and is also known for its beautiful night views.

★**The Yakushima Island was registered as a World Natural Heritage site in December 1993.**

Yakushima rose 15 million years ago. Ruins from the Jomon and Yayoi periods have been excavated, revealing that people lived there 7,000 years ago. The forest of giant Yakusugi cedar trees over 1,000 years old, the rich water veins, and the diverse flora and fauna ecosystem continue to fascinate tourists. Yakushima was registered as a World Natural Heritage site in 1993, and is a scenic spot that has been selected

★**Amami Oshima and Tokunoshima registered as World Natural Heritage sites in July 2021.**

Amami Oshima was registered as a World Natural Heritage site in July 2021. Amami Oshima has a clear blue sea and mangrove forests along the coast, and is home to many precious wild animals and plants such as the Amami rabbit and habu. You can also enjoy whale watching in winter. With a population of 65,770 and a subtropical climate, Amami is Japan's third largest island. Surrounded by coral reefs, Amami is famous for gourmet foods such as brown sugar made from sugarcane, brown sugar shochu, mandarin oranges, Oshima silk, and chicken rice.

★**Tokunoshima** is an island made up of limestone and is a treasure trove of endemic flora and fauna. The island has an old banyan tree where the "Kenmun Spirit" dwells, and the island has Japan's largest underwater limestone cave. Bullfighting has a history of over 500 years.

■**Kagoshima black Pork and Kagoshima black Beef**

Kagoshima black Pork is very popular among tourists for its various cooking methods, such as shabu-shabu, tonkatsu, kakuni, pork bone stew, hamburger steak, and pork ginger. Kagoshima Kurobuta was introduced from Ryukyu by the Shimazu family about 400 years ago. Kagoshima black Beef is the best quality beef in Japan.

■**Fresh Fish in Kagoshima**

Kagoshima is home to Kinko Bay. With its rich fishing grounds facing the East China Sea and the Pacific Ocean, Kagoshima catches a wide variety of seafood, including bonito, mackerel, yellowtail, eel, kampachi, and yellowtail. The quality of fish is among the best in Japan.

■**Shirokuma of Kagoshima**

Shirokuma, the royal road of fluffy ice and plenty of Kagoshima sweets. Delicious toppings of condensed milk and seasonal fruits.

■**Satsuma Shochu**

Shochu production began around the 16th century, when the process was introduced from China through the Ryukyu Kingdom. In the 18th century, sweet potatoes were introduced to Kagoshima, and shochu production using potatoes from the Shirasu plateau spread. Shochu is made through six processes: koji making, primary brewing, secondary brewing, distillation, storage,

■**Ibusuki**

Kaimondake is one of Japan's 100 famous mountains located at the southernmost tip of the Satsuma Peninsula. It is called "Satsuma Fuji" at an altitude of 924 meters. Nagasakibana is a scenic spot where a lighthouse was built. Nagasakibana is said to be the birthplace of the Ryugu legend, and its sandy beach is a spawning ground for sea turtles. Ibusuki has the only sand bath in the world.

■**Miyazaki Prefecture Information**

Miyazaki Prefecture, located in the southeast of Kyushu, is home to the "descent of the grandchildren" and numerous power spots. Surrounded by the Pacific Ocean, the coastline has many beach resorts and beautiful

■**Takachiho Gorge**

The highlight of Takachiho Gorge is Manai Falls, which has been selected as one of the top 100 waterfalls in Japan. The ever-changing surface of the water is breathtakingly fantastic.

■**Takachiho Shrine**

Takachiho Shrine is the head shrine of 88 shrines in Takachiho Township. Within the precincts of Takachiho Shrine, there is an 800-year-old married couple's cedar tree. The shrine offer is "match-making," "family safety," and "prosperity of offspring."

■Ama-no-Iwato Shrine

Ama-no-Iwato Shrine is a shrine where the myth that Amaterasu hid in a cave remains. There are two main shrines, the Nishi Honmiya and the Higashi-Honmiya, and the cave is enshrined as the sacred body of the deity. Ama-no-gawara is said to be a place where "if you pile up stones, your wish will come

■Oita Prefecture Information

Oita Prefecture is located in the eastern part of Kyushu and boasts the largest number and volume of hot spring water in Japan. In the western part of Oita Prefecture, Kyushu's highest peak, the Kuju Mountain Range, rises highest peak, the Kuju Mountain Range, rises high above the prefecture, and the area is blessed with fresh seafood from the sea and the mountains.

■Beppu Hell Tour

The Jigoku Meguri (Hell Tour) is a sightseeing tour of the seven sources with different characteristics located in Kannawa Onsen, Beppu City. The tour includes "Umi Jigoku","Blood Pond Jigoku Sea Hell," "Blood Pond Hell," "Shiraike Jigoku," "Oniishibozu Jigoku," "Kamado Jigoku," and "Oniyama Jigoku. In the Jigoku Meguri tour. you can taste the exquisite "Jigoku Boiled Eggs" and "Jigoku Steamed Pudding".

■ Yufuin hot spring

Yufuin hot spring is the second largest hot spring and quantity of water in Japan Early morning in autumn and winter, Yufuin Onsen is a mysterious spot where you can see fog.

■Kumamoto Prefecture Information

Located in the center of Kyushu, the region is home to the world-famous Aso and Kumamoto Castle. Kumamoto's local cuisine includes horse meat, Taiheiyan, Kumamoto Ramen, and Akagyu (red beef).

■Suizenji Park.

Suizenji park began when Lord Tadatoshi Hosokawa, the second in line to the Kato family, established a teahouse here.The garden is centered around a pond fed by subterranean water from Aso, with gently undulating mountains and floating stones. The garden is a place where visitors can enjoy the beauty of nature and the garden in each of the four seasons.

■Kumamoto Castle

One of the three most famous castles in Japan built by Kiyomasa Kato. Let's climb the castle tower while learning about the 400-year history of Kumamoto.

■Mt.Aso

Mt. Aso is one of the world's largest volcanoes. Aso, the world's largest volcano, is a series of outer rim mountains and crater plains centered on the five Aso peaks. Mt.The caldera, the second largest in Japan, and the grassland landscape are spectacular. The "A" in "Mt. Aso" means the place of origin, and "Su" means revival, meaning a place where one can return to one's roots and revive.The Kusasenri is also a popular spot for

■Fukuoka Prefecture Information

Fukuoka is the gateway to Kyushu and other Asian countries. Prospering as the castle town of the Kuroda clan during the Edo period (1603-1867), Fukuoka Prefecture is Kyushu's most prosperous downtown area. Visitors can enjoy nationally famous Hakata ramen, fugu (blowfish) cuisine, and motsunabe (hot pot of Chicken) and vegetables) from vatai (street stalls).

■Dazaifu Tenmangu Shrine.

Dazaifu Tenmangu Shrine was built in 905 over the grave of Sugawara no Michizane, and has a history of over 1,100 years. Dazaifu Tenmangu Shrine is famous for its ume (Japanese apricot) blossoms, and is a "god of learning, culture, and the arts" that offers blessings such as success in entrance exams, academic achievement, and protection against bad luck.

■Yanagawa River Cruise

This is a cruise that takes about one hour by donko boat on a 4-km waterway. Visitors can enjoy cherry blossoms in spring, fresh greenery in early summer, irises in summer, autumn leaves in fall, and kotatsu boats in winter.
